Mr. Norman Latker
Director
Federal Technology Management Policy
Office of Productivity, Technology & Innovation
Room 4837
Department of Commerce
Washington, D.C. 20230

Dear Mr. Latker:

I am pleased that you will be able to participate in Washington Researchers' "Washington Information 1986" seminar to be held March 10-12, 1986. Your presentation is part of our March 11th program, "Tracking Information on Emerging Technologies," with Robert Chartrand as our Program Chairperson. I have enclosed the promotional brochure for this program.

As you know, this seminar is designed to help business information professionals and executives learn where and how to find information in the federal government. We would like you to discuss how to tap the information sources on emerging technologies available from the Office of Productivity, Technology & Innovation and from federal laboratories and universities, and wherever possible, include information about specific newsletters, reports, programs, data bases, conferences, mailing lists for press releases, contact persons and their telephone numbers, and any other products and services available. As we discussed, we would like you to include information about new and upcoming programs, products and services for 1986 in your presentation.

The seminar will be held March 11, 1986 at the Sheraton Grand on Capitol Hill. Your presentation is scheduled from 9:30 - 10:00 a.m. I will call you soon for your audiovisual requirements and to make arrangements for delivery of any handouts. We hope you'll be able to join us for lunch from 12:00 - 1:15 p.m. at the hotel the day of the seminar.

Thank you for helping us plan a successful seminar. If you have any questions or comments, please call me at 333-3499.

I look forward to speaking with you soon.

Sincerely,

Cathie Lorenz

Dear Dr. Latker:

This will confirm our telephone conversations concerning your participation at a dinner meeting of PMA's Research and Development Section Steering Committee. The meeting will begin with a reception at 6:30 PM, Tuesday, June 17, 1986, in the Sherwood Room at the Vista International Hotel, 1400 M Street, N.W., Washington, D.C.

A list of the Steering Committee members is attached. In addition, Mr. Lee Rivers, OSTP, and several FDA officials will be present.

As discussed in our conversation you are requested to make a brief after dinner presentation on federal research legislation and to lead a discussion on this topic.

We appreciate your willingness to participate in the activities of our association.

Sincerely,

Charles B. Cleveland

Enclosure
