MEMO

TO: Norm Latker
FROM: Daphne Lambright
DATE: February 22, 1990
RE: AUTM Business Card List

The following is the list of business cards I collected during the AUTM meeting.

Richard J. Hicks, Director, Patents & Licensing
Queen's University
Kingston, Ontario K7L 3N6
613/545-2067

would list

Herbert M. Blatter, Director, Licensing & Business Development
Southern Research Institute
2000 Ninth Avenue South
P.O. Box 55305
Birmingham, Alabama 35255-5305
205/581-2253

would list

Gunars A. Gaikis, Patent & Trade Mark Agent
Smart & Biggar
439 University Avenue, Suite 2300
Toronto, Canada M5G IY8
416/593-5514

Thomas R. Sharpe, Director of Technology Transfer
Office of University Research
University of Mississippi
University, MS 38677
601/232-7132

would list
possible user

Danny Powell, Business Manager
Computer & Information Technology Institute
Rice University
P.O. Box 1892
Houston, TX 77251
713/527-6011

would list

Vivek Joshi, Manager of Research, Chemicals
Technology Catalysts, Inc.
605 Park Avenue
Falls Church, VA 22046
703/237-9600

possible user

Lester T. Jones, Manager, Technology Assessment and University Relations
3M Corporate Research Laboratories
Building 201-2S-05, 3M Center
St. Paul, MN 55144-1000
612/733-0102

- Possible subscriber
enthusiastic
Possible Beta-tes ter

Joseph J. Hauth, Manager, Patent Services
Battelle, Pacific Northwest Laboratories

would list

SOCIETY OF UNIVERSITY PATENT ADMINISTRATORS

FIRST ANNUAL MEETING

By Lawrence Gilbert

The First Annual Meeting of the Society of University Patent Administrators (SUPA) is scheduled to be held on February 5th, 1976 in the Midway Room at the Holiday Inn / O'Hare Kennedy in conjunction with the World Fair for Technology Exchange fair sponsored by Dr. Dvorkovitz & Associates. Earl Friese of Northwestern is handling arrangements. A final program was sent to both SUPA members and prospective members during the second week of December. At this writing approximately fifty (50) Universities are members of SUPA.

A registration fee of $15.00 per person will be charged each SUPA member to cover operating costs. Individuals who register for the SUPA meeting can attend the Dvorkovitz World Fair for Technology Exchange Fair at no charge, whether or not they intend to present technology at the Fair. Dr. Dvorkovitz has been not only quite generous in granting to SUPA use of the Midway Room on the 5th but also in extending to those who attend the SUPA meeting a no charge policy in the event such persons do not intend to present technology but do want to attend the Fair.

In addition, as has been the custom in the past university-industry forums, Dr. Dvorkovitz is hosting lunch for the SUPA attendees on the 5th to be held at the Caravelle Motor Inn across from the Holiday Inn-O/K.

SUPA was organized in 1975 to fill a growing need to more fully exploit the university patent resource. SUPA hopes to stimulate and foster the transfer of university patent resources to the public sector by:

* presenting educational seminars to the membership on all aspects of technology transfer from the university point of view.
* generating self-help programs to enable universities to establish an in-house patent technology and licensing capability.
* effecting interchange of views amongst university patent administrators.

For further information, those interested in becoming members of SUPA may contact:

Ralph L. Davis
Associate Director
Division of Sponsored Programs
Purdue Research Foundation
West Lafayette, Indiana 47907

Registration Information:

The registration desk will be located outside of the Midway Room for registration at the following times:

Wednesday (4th)	4:00 P.M.-6:00 P.M.
Thursday (5th)	8:00 A.M.-9:00 A.M.

Name tags and program material will be provided in a registration packet available at the registration desk.

Dear XXXXX,

Thank you for visiting with us during the AUTM meeting in San Antonio. We appreciate your interest in USET's online technology database.

During our online demonstrations, you saw how USET's database has been designed for the busy technology manager. Our system is extremely easy to use. You can search full pages of text without the use of a thesaurus or complicated search commands.

Because of its information content USET's technology database provides powerful solutions to the issues encountered by both university and industry technology managers. These issues include: (1) identifying potential licensees; (2) marketing licensable technologies; (3) locating research expertise; and, (4) reviewing external technology developments. I have included a description of each of USET's technology databases with this letter.

I am interested in receiving your observations about our online database. Please call or write me regarding any comments you may have. I also welcome your questions about becoming an information provider or an online subscriber.

FACSIMILE COVER PAGE

To: Norm Latker

From: Daphne Lambright

Date: 15:16 EST 28-Feb-90

Subject: Autm Thank you letter

February 7, 1990

^F1^

Dear ^F2^:

If you are attending the 1990 Annual AUTM meeting in San Antonio, I would like to invite you to join us for the first public demonstration of USET's prototype online technology database. We are happy that most who attend will find information concerning their own institution on our database. USET is hosting this event immediately following AUTM's Welcoming Reception on Sunday, February 18 with an open bar and hors d'oeuvres reception from 7-9 PM in the Regency Center Ballroom.

We are all aware of the rapidly changing political and economic conditions in the world today. These changes have created an unprecedented worldwide demand for new technology and collaborative research partnerships. Our database has been designed to assist you in taking full advantage of this opportunity. When complete, we will provide the international business community with a single depository of hundreds of technology portfolios from around the world coupled with a state of the art search capability.

I believe that as you use our database in San Antonio, you will appreciate the simplicity with which a subscriber can quickly obtain technology information from multiple sources. In addition to Sunday evening's online demonstration of USET's information service, we will also be scheduling small groups for other online sessions. These sessions will occur throughout the day Monday and Tuesday, February 19 and 20, in USET's suite. Dr. Daphne Lambright and I will be available for questions and scheduling.

We look forward to seeing you in San Antonio.

Sincerely,

Norman J. Latker
Vice President
Legal and Technology Affairs

FIRST PUBLIC DEMONSTRATION OF USET'S ONLINE TECHNOLOGY DATABASE

Dear AUTM Meeting Attendee:

We would like to invite you to join us for the initial public demonstrations of USET's easy to use, online technology search database. We are happy that most who are attending will find information concerning their own institution on our database.

USET is hosting its **FIRST DEMONSTRATION** in the **Regency Center Ballroom** immediately following AUTM's Welcoming Reception:

Sunday,	**February 18**	**from**	**7:00 to 9:00 PM**

An open bar and hors d'oeuvres will be available.

ADDITIONAL ONLINE DEMONSTRATIONS will be conducted in **Suite 431** of the Hyatt Regency on:

Monday,	**February 19**	**at**	**2:00 PM, 3:00 PM, 4:00 PM, 5:00 PM**
Tuesday,	**February 20**	**at**	**9:00 AM, 10:00 AM, 11:00 AM**

Dr. Daphne Lambright and I will be available for questions and special scheduling if the times above are not convenient.

We are all aware of the rapidly changing political and economic conditions in the world today. These changes have created an unprecedented worldwide demand for new technology and collaborative research partnerships. Our database has been designed to assist you in taking full advantage of this opportunity. When complete, we will provide the international business community with a single depository of hundreds of technology portfolios from around the world coupled with a state of the art search capability.

I believe that as you use our database, you will appreciate the simplicity with which a subscriber can quickly obtain technology information from multiple sources.

We look forward to seeing you in Sunday in the Regency Center Ballroom and Monday and Tuesday in Suite 431.

Sincerely,

Norman J. Latker
Vice President, Legal and Technology Affairs

REED LTR

UNIVERSITY SCIENCE, ENGINEERING AND TECHNOLOGY, INC.
(Affiliate of The Maxwell-Pergamon Publishing Group)

January 18, 1990

Dear :

Thank you for your interest in USET's full-text technology database. As you requested during your phone conversation with Dr. Lambright of my staff, I am sending this description of USET's on-line service.

USET designed the technology on-line system for those individuals interested in exploring available technology opportunities, primarily industry licensing executives. USET on-line database subscribers can find and track technology developments quickly and easily. USET's technology on-line system uses innovative search features. These features enable subscribers to search USET's full-text technology databases without the use of thesauri or complicated search commands.

The USET technology on-line system is an information source consisting of several full-text, technology-oriented databases. USET is collecting this information from universities, federal laboratories and industry. Most of this information is unique to the USET on-line system. USET lists non-enabling descriptions of licensable technologies collected from universities, federal laboratories and industry. USET also provides summaries of research activities in progress at universities, federal laboratories and small businesses in the database. In addition, USET includes descriptions of R&D services and facilities available to the public on a fee basis at universities and federal laboratories.

A major feature of USET's on-line database is the listing of non-enabling abstracts of licensable university technologies. This information is not available in any other publicly accessible on-line database. USET provides this non-exclusive listing service without charge to universities. When a university enters into a license agreement with a USET database subscriber, USET collects no royalties or commissions.

The technologies listed on the USET database include those with patents and those with patent applications. USET also lists those technologies which do not normally enter the patent process (i.e.,

4550 Montgomery Avenue • Suite 430 North • Bethesda, MD 20814-3304 • Tel (301) 961-8575 • Fax (301) 961-8570

software or monoclonal antibodies). USET does not require you to fill out special forms when submitting your technology descriptions. USET accepts technology abstracts in hard copy or electronic form.

We look forward to working with you and your staff. Please don't hesitate to contact me with any questions or comments you may have.

Sincerely,

Norman J. Latker
Vice President
Legal and Technology Affairs

CROSS LTR

UNIVERSITY SCIENCE, ENGINEERING AND TECHNOLOGY, INC.
(Affiliate of The Maxwell-Pergamon Publishing Group)

January 18, 1990

Dear :

Thank you for your willingness to participate in USET's full-text, on-line technology database. As you requested during our phone conversation with Dr. Lambright of my staff, I am sending you this letter which describes our on-line database service.

The USET Technology database contains information related to technology and technology transfer. A major feature of our database is the listing of non-enabling abstracts of licensable technologies currently available at major universities. This listing service is provided free of charge to universities. There are no royalties or commissions charged when a listed technology is licensed.

The technologies listed on the USET database include those with patents, those with patent applications, and those technologies which do not normally enter the patent process (i.e., software or monoclonal antibodies). Our licensable technology database consists of the following information fields:

1. Creating University
2. Inventor (s)
3. Title
4. Description of Technology
5. Potential Application of the Technology
6. Advantages of this Technology
7. Patent Status (Patented, Patent Pending, or Tech Note)
8. Submit Inquiries To (UT Research Corp. Contact Name and Number)
9. Reference Number (UT Research Corp. Internal ID Number)
10. License Terms
11. Keywords (Not Required)

USET accepts technology abstracts in hard copy or electronic form and will format the information as needed upon receipt. You are not required to reformat your information.

4550 Montgomery Avenue • Suite 430 North • Bethesda, MD 20814-3304 • Tel (301) 961-8575 • Fax (301) 961-8570

Likewise, your submitted technology descriptions do not have to include all of the above listed fields. The information fields are only listed to provide you with an insight to the kinds of information we can incorporate into our database.

We look forward to working with you and your staff. Please don't hesitate to contact me with any questions or comments you may have. Again, thank you for your cooperation.

Sincerely,

Norman J. Latker
Vice President
Legal and Technology Affairs

January 25 1990

Ms. Daphne Lambright
USET
11 Yukon Cove
Maumelle, Ark 72118

Dear Ms. Lambright:

To serve as a letter of agreement between USET and Hyatt Regency San Antonio, we have compiled the following information.

Hyatt Regency San Antonio has protected space for the following schedule of events:

SUNDAY, FEBRUARY 18, 1990
HOSPITALITY
7:00PM-9:00PM
250-300 FLOW

DEPOSITS & PAYMENT POLICIES
All deposits and payment arrangements are contingent upon approval of Hyatt Regency San Antonio's Credit Manager.

Full payment of estimated charges will be due to Hyatt Regency San Antonio by 11:00AM on Thursday, February 15, 1990. Any over payment will be refunded in the form of a check by mail.

or

Please complete the enclosed "Accounting Form" and return it to Hyatt Regency San Antonio for our records. Upon receipt of the completed "Accounting Form" and the approval of the Credit Manager, Hyatt Regency San Antonio will set-up billing privileges. Payment is due in full within 30 days after the last event in the afore listed schedule of events.

Hyatt Regency San Antonio understands that USET wishes to be billed for the charges of the aforementioned schedule of events. Billing o:

Ms. Daphne Lambright
USET
11 Yukon Cove
Maumelle, Ark 72118

A copy of the tax exemption certificate is required for our records. Upon receipt of the tax certificate, all sales taxes for your food & beverage will be adjusted off the final bill.

ATTENDANCE POLICIES

Hyatt Regency San Antonio will need a final guaranteed number of guests who will be attending the event by 11:00am Thursday, February 15, 1990. As a service, Hyatt Regency San Antonio will prepare for 5% over the guaranteed number to accommodate unexpected guests. USET will be charged for the guaranteed number or the number of guests served, which ever is greater.

MENU & ARRANGEMENTS

Enclosed please find our current menu selections for your review. However, Hyatt Regency San Antonio will be happy to work with USET on any special requests. Menu prices do not include 17% service charge or applicable sales tax.

All arrangements need to be finalized by Thursday, February 1, 1990. Menu prices do not include 17% service charge or applicable sales tax.

All food & beverage items to be served must be supplied by Hyatt Regency San Antonio, unless prior approval has been made.

Also, enclosed please find an electrical form for USET, please fill in and return it to us at your earliest convenience. Any charges will be applied to the final balance of the event.

DECORATIONS

Hyatt Regency San Antonio reserves the right to approve any decorations by any organization or individual within hotel property. The decorating of function rooms requires a schematic of said decorations and descriptions of items used, and must meet with hotel approval.

CONCLUSION
Hyatt Regency San Antonio is pleased to host USET's Hospitality.

To make these arrangements definite, please sign and return the enclosed copy of this letter to Hyatt Regency San Antonio by Tuesday, January 30, 1990. Please keep this copy for your files. Should Hyatt Regency San Antonio not have a signed copy of this letter from USET, all public space and arrangements will be released.

Thank you,

HYATT REGENCY SAN ANTONIO - We Create Excitement!

Dear Ms. Lambright:

I want to take this opportunity to thank you, on behalf of the entire staff, for holding your recent function at the Hyatt Regency San Antonio.

I truly enjoyed being of service to you and your guests and hope that all those who attended were satisfied with our service and facilities. We welcome any comments you may have on the hotel and staff that will allow us to improve our service to you in the future.

Ms. Lambright, it was a pleasure working with you on all the arrangements. I hope that you and your guests will consider the Hyatt Regency San Antonio when planning your next function.

Sincerely,

Nela Takacs
Catering/Convention Services Manager

ELECTRICAL SERVICE ORDER FORM — ATTENTION CHIEF ELECTRICIAN

VENT: USET Reception EVENT DATES: February 18, 1990

OMPANY: USET PHONE: (203) 259-7997

ADDRESS: 1465 Post Road East CITY: Westport STATE: CN ZIP: 06880

EXHIBITOR'S REPRESENTATIVE: Dr. Daphne Lambright 11 Yukon Cove Maumelle, AR 72118

(501) 851-3722 BOOTH OR ROOM NO.: Regency Center

GENERAL INFORMATION

Wall, Column, and permanent utility outlets are not to be used by exhibitors, and are not part of the rental space.

Under no circumstances shall anyone other than the electrician make any electrical connections.

The Chief Electrician has the power to refuse connections where wiring of extension cords constitutes a fire hazard.

All material and equipment furnished by Hyatt Regency San Antonio will remain the property of Hyatt Regency San Antonio.

SERVICE DOES INCLUDE POWER TO ONE POINT AND CONNECTIONS WILL BE MADE DEPENDING ON OUTLETS REQUESTED.

(Example) — Single outlet includes one extension cord to point of exhibitor's equipment including a $25.00 charge.

EXHIBIT SERVICE REQUIREMENTS

• Standard Conditions for Exhibit and Displays •

NON-FLAMMABLE: All material used in the Exhibit Hall, Ballroom or any other room of the Hotel MUST be non-flammable to conform with the Fire Regulations of the City of San Antonio. Electrical wiring and equipment installation must conform to appropriate N.E.C. Material not conforming with such regulations will be removed immediately at the exhibitor's expense. Engines, motors or any kind of equipment may be operated only with the consent of the Director of Engineering of the hotel.

SPECIAL NOTICES: No nails, or bracing wires used to erect displays may be attached to the building without written consent of the Director of Engineering of the hotel. All property destroyed or damaged by exhibitors must be replaced in its original condition by the exhibitor or at the exhibitor's expense. No exits should be blocked at any time, for any reason.

LIABILITY: The hotel will not be responsible for any injury, loss or damage that may occur to the exhibitor, the exhibitor's employee of property, or to any other person, prior, during, or subsequent to the period covered by the exhibit contract, provided such injury, loss or damage is not caused by the wilful negligence or wrongful act of an employee of the hotel. Each exhibitor expressly releases the hotel from such liabilities and agrees to indemnify the hotel against any and all claims for such injury, loss or damage.

INSURANCE: Exhibitors who desire to carry insurance on their exhibits must place it at their own expense.

SPECIAL SERVICES

In those instances where your needs cannot be found in the list below, please describe your requirements. This work will be done and charged on a time and material basis.

NOTE TO EXHIBITORS

An Electrical Service Order Form should be completely filled out when requesting Electrical Services. All forms should be sent to the Chief Electrician at least two weeks prior to the exhibit. A late fee of 1.5 times the normal amount will be charged for last minute requests. All Electrical charges must be paid in advance. Checks should be payable to the Hyatt Regency San Antonio and sent along with the form.
