INVENTION RECORD AND REPORT

Compiler _____ Date _____

1. Brief descriptive title:

2. Full name of inventor(s), home address(es), and position(s):

3. Identity of Federal agency grant(s) or award(s) contributing to invention and amounts(s):

4. Recommendation of inventor(s) as to whether patent protection should be sought:

5. Object or results to be achieved by the practice of this invention:

6. Outline of means discovered for achieving above objects in terms of (a) the steps in a process, or (b) the components in a composition or groups in a chemical compound (include description of process of making) or (c) elements in a machine, article or device. Point out means which are essential, others which are important or useful and any critical limitations on any of these:

Univ. Wis.-WARF
Form No.
9/68

7. Chronology of principal events in conception and development:

   (a) Earliest conception date (reference to substantiating evidence desirable):

   (b) Date of disclosure (orally or in writing) to other persons and names of such persons:

   (c) First written record pertinent to invention:

   (d) Date and result of first test of the invention (if invention is (a) a process, its first test is the first successful trial; if (b) a composition of matter or a compound or (c) a machine, article or device, its first test is its first creation and evaluation with respect to new or improved properties or behavior):

8. Date and place (e.g. particular periodical) of publication of disclosure of invention (whether publication has been accomplished or is projected):

The following two items may be completed at the option of the compiler:

9. Background of published information and practice in the field of the invention (known practices, periodical citations, patents, etc.):

10. Features embodied in this invention which would not have been obvious to or readily foreseeable by the typical skilled worker in the field:

Signature of Compiler _____

Signature of Inventors	Date	Witness to Inventor's Signature

ACCOUNTING REPORT

Professor _____

For Period _____

Month	Year	Type of Expenditure	Amount	Source of Funds: State / Federal	U. W. Acct. No.	Federal Agency	Grant or Contract

ACCOUNTING REPORT

Professor John Doe

For Period Jan. 1, 1968 to September 1, 1968
