Note: An enterprise is defined as an aggregation of all establishments owned by a parent company. It may consist of a single, independent establishment or it can include subsidiaries or other branch establishments under the same ownership and control. Firms with locations in more than one state are counted in each state in which they are located.

Note: A business incorporation is a business that files for organization as a corporation with the secretary of state in each jurisdiction; it may reflect an actual startup of a new business; an intention to start a new business; the conversion of an existing sole proprietorship or partnership to the corporate form; or the creation of a subsidiary of an existing corporation. Also, data are not seasonally adjusted.

Note: A business bankruptcy is the legal recognition that a company is insolvent (i.e., not able to satisfy creditors or discharge liabilities); the company must restructure or completely liquidate. A business bankruptcy culminates with the filing of a bankruptcy petition under Chapter 7, 9, 11, or 12 of the federal bankruptcy law.
