RE: WBLT DATABASE

Waterloo, June 26, 1996

Further to our telephone conversation today, I am sending you a copy of our submission form as a guide to the information we require for listing technologies on our international database, the World Bank of Licensable Technology.

I am also sending some information on the other services of the Centre, and would draw your attention to the Inventor's Assistance Program (IAP). Their Critical Factor Assessment report costs $395.OO U.S. (or $595.00 for an Express Critical Factor Assessment). A complete application package could be sent to you on request.

We look forward to receiving technology information from you.

Ann Reid

IF THERE IS A PROBLEM WITH THIS TRANSMISSION, PLEASE ADVISE.
