***** Thanks Howard,

I will try calling at 8 am my time on the 12th, which I assume is 10 am your time (?), or if that is not good, please suggest another time. I will be creating a series of articles for the AUTM Newsletter, and I do not wish to report anything that is not correct, or overlook anything the is important. The first of the articles (on the founding) is attached. Jon

Hi Jon:

Received your AUTM history write-up and have read through it. Amazing detail. Please give me a call on the 12th becuase I will be in and out on the 11th. In the meantime I will look for any material which I may have squirrled away.

Howard
