Dear Colleague:

As you probably have heard, Norman Latker has been terminated as HEW Patent Counsel. His termination represents a dismal chapter in a long and inglorious effort to have an effective federal patent policy.

Please find enclosed a prepublication copy of a paper outlining the recent history of events in HEW. Hopefully, this material will be of help in your attempt to determine "where we go from here."

If I can be of any assistance, please do not hesitate to contact me.

Cordially,

Barry Leshowitz
