ORDER

TIMOTHY J. SAVAGE**, District Judge.**

AND NOW, this 10th day of February, 2009, upon consideration of the parties' *Markman* briefs, their responses in opposition to *Markman* briefs and after a hearing, it is **ORDERED** that the following claim constructions are adopted:

Term	**Construction**
"wireless transceivers having unique identifiers" (Claims 1, 13, 20)	two-way wireless communication devices known as radio frequency (RF) transceivers having unique identifiers
W40	
"repeated data message including the sensor data signal and the corresponding unique identifier" (Claims 1, 8, 13, 20)	the repeated data message being a data message transmitted by a wireless transceiver that receives an original data message from one of the other wireless transceivers and includes: (a) the corresponding unique identifier of the wireless transceiver that sent the original data message; and (b) the sensor data signal of the original data message
W40	
"repeaters" (Claims 2, 14, 21)	two-way wireless communication devices that operate in the manner recited in the claims
W40	
"primary wireless communication network associated with an automated monitoring system" (Claim 20)	a wireless communication network associated with an automated monitoring system that is separate from the wireless communication network referred to in the preamble of Claim 20
W40	
"site controller" (Claims 1, 13, 27)	a device that manages and relays data between the wireless transceivers and the wide area network

W40	
"wireless communication means" (Claims 8, 9)	a wireless RF transceiver 135 that includes an RF transceiver controller 210, a data interface 205, a microcontroller 215, a memory 220, and an antenna 225 and equivalents of these structures
W40	
"repeating means" (Claim 9)	a wireless transceiver/repeater 125 device, including transceiver 135 comprising an RF transceiver controller 210, a microcontroller 215, a memory 220, and an antenna 225 and equivalents thereof
