could have competed against one another in Olympic competition. It is a sad part of our history that politicians kept this great race from happening in the Olympics.

With the benefit of history, we know that the Olympic boycotts were futile and ineffective attempts to settle cold war disputes.

I believe we should do absolutely all that we can to ensure this never happens again.

No one can foretell the future and what actions might be called for to protect our country's national interest, but we should never again lose sight of the interests of our athletes.

Unfortunately, Members of Congress are politicizing the Olympic Games. My resolution has one primary objective—to separate politics from sport and particularly from the Olympic Games. Simply put, I believe politics has no place in the dreams of future Olympians.

I want to thank Senator TED STEVENS for joining me in this effort. Senator STEVENS has a long history of involvement with the Olympic Movement.

I am not aware of another elected official in this country who has done more for U.S. athletes than Senator STEVENS. And I thank the Senator for once again standing up for the interests of U.S. athletes.

The Murray/Stevens resolution on the Olympics has a number of key provisions and clauses. However, I want to focus on three sections which represent the real intent of our bill.

First, our resolution encourages members of the International Olympic Committee to abide by all rules of the IOC when considering and voting for host cities for future Olympic Games.

Members of the IOC take an oath which requires individual members to keep free from political influence.

Our resolution calls upon the four members of the International Olympic Committee from the United States to reject all political influences on their work as members of the IOC, including their votes on host cities for future Olympic Games.

Second, our resolution recognizes that any government action designating a preference or displeasure with any Olympic Games host city is inconsistent with the IOC's Charter, Code of Ethics and rules.

Essentially, this provision says the IOC should not acknowledge or consider any political interference in the host city selection process for future Olympic Games.

And finally, our resolution says the Olympic Games are about the athletes, that we do endorse the concept that the Olympic Games are a competition between athletes in individual and team events and not between countries.

We believe the Olympic Games are best left to the athletes. It is that simple.

I encourage my colleagues to consider this issue carefully in the days ahead. And I invite all Senators to join me in seeking to reject political interference in the Olympic Movement.

I yield the floor.
